

PLEASE SPONSOR MY
2011 BIRD-A-THON

Black Rail,
2011 Bird-A-Thon
Mascot. Credit
Sophie Webb.

If you've never heard of a Bird-A-Thon before, think of it as a spell-a-thon where I count birds instead of words!

PRBO Conservation Science's 34th Annual Bird-A-Thon will take place from September 1st to October 15th. I'll choose a 24-hour period within that time to go birding—and identify as many bird species as we can. I am asking you to pledge a certain amount for each species I find, or to make a flat donation.

It may seem like a quirky way to raise monies, but during the past 33 years Bird-A-Thon has raised over \$2.3 million to protect birds, other wildlife and the environment!

Donations help PRBO reduce the negative impacts of environmental and land use change on birds and the ecosystems on which they depend. Your most generous gift translates directly into support for PRBO's urgently-needed conservation science and outreach programs.

Please support my Bird-A-Thon!

Complete the pledge card on reverse and return it to me or to PRBO.
