# PLEASE SPONSOR MY 2009 BIRD-A-THON!

If you've never heard of a Bird-A-Thon before, think of it as a spell-a-thon where you log birds instead of words!

PRBO Conservation Science's Bird-A-Thon will take place from September 1 through October 15, 2009. I'll choose a 24-hour period within that time to go birding—and identify as many bird species as I can. I'm asking friends and acquaintances to pledge a certain amount for each species I find, or to make a flat donation.

It may seem a quirky way to raise funds, but during the past 31 years Bird-A-Thon has raised over \$1.5 million to protect birds and the environment!

Bird-a-Thon donations help PRBO reduce the negative impacts of environmental and land use change on birds and the ecosystems they depend upon. Your most generous gift translates directly into support for PRBO's urgently-needed conservation science and outreach programs.

Please pledge to my Bird-A-Thon! Complete the other side of this card and return to PRBO.
